Project**

**BIRMINGHAM FARM**

**KINGSTON, ONTARIO**

**Thursday, September 3, 1953**

This Polled heifer, Birmingham Jealousy 3rd x, lot 21, typifies the Birmingham Shorthorn—Polled Shorthorn project. Her sire is Birmingham Jubilee x by Fascinator Standard x and out of imported Millhills Royal Princess 14th. Her dam is another imported cow, Millhills Jealousy 16th by Calrossie Highland Leader . . . the best blood of Scotland with the added advantage of the Polled head. She sells as lot 21.

Mr. and Mrs. Benjamin W. Franklin and their daughter, Mrs. Jean Sproston, viewing a part of their Birmingham herd and buildings through the window of their home.

## **Welcome To Birmingham Farm**

We wish to extend to you a cordial invitation to visit us here at Birmingham Farm at this, our first annual sale. We have implicit belief in the future of the Shorthorn Breed, both horned and polled. We believe you will see here splendid examples of both types. We would like to extend our hospitality to as many as wish to visit us the day before the sale. An excellent informative opportunity is in store for those who would like to get a real picture of the Shorthorns of Ontario. After attending this sale, it is a leisurely trip by motor or train to Campbell Farms Sale to be held on September 5th. On the way several outstanding herds may be seen and, of course, there is always the great Shorthorn Week End in the Toronto area and the judging at the Canadian National Exhibition on Labour Day, September 7th.

# The Program of Birmingham Farm Shorthorn and Polled

We began in October 1947 by purchasing 14 Canadian bred horned females of Ransom breeding. These cattle were obtained from some of the best herds in Eastern Canada. We next purchased Polled Shorthorn herd sires from the United States through Lynnwood Farm. We also purchased in 1947 17 American Polled females. These heifers and cows came from many of the leading herds of the Polled

Shorthorn breed in the United States; many of these females had done very well in the Show Circuit of that country, including the Grand Champion at the 1947 Chicago International. She was also the high selling female of both the Polled and Horned Sales at that great event. In connection with purchasing our foundation of American polled cattle, we would like at this point to publicly thank Mr. Charles J. Lynn, Mr. Charles H. Nickel and all at Lynnwood Farm for the splendid help and co-operation freely given us in the purchase of the Polled cattle to start this project.

We then went to Scotland and obtained from the breeding herds of Calrossie, Lawton and Millhills, thirty-one females.

The next step in the program was to produce polled calves from the imported and Canadian horned females by the use of a polled bull and polled calves from our American females by the use of imported-in-dam horned bulls. Our objective was to obtain polled calves with Scottish pedigrees. We then continued by breeding imported-in-dam horned bulls to the polled females carrying the pedigrees of their horned dams and to the polled females from the resultant cross of our horned bulls and American females. At the same

Birmingham Millhills Democrat x by Fascinator Standard x was sold by us to Lynnwood Farms, Carmel, Indiana. He was the champion bull at the 1950 Indiana State Fair.

(unretouched photo)

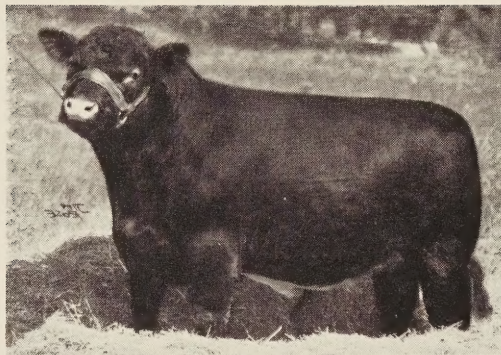

# Shorthorn Project

time we bred polled bulls, out of imported females and by our original polled herd sires, to our horned females again raising the percentage of Scotch blood.

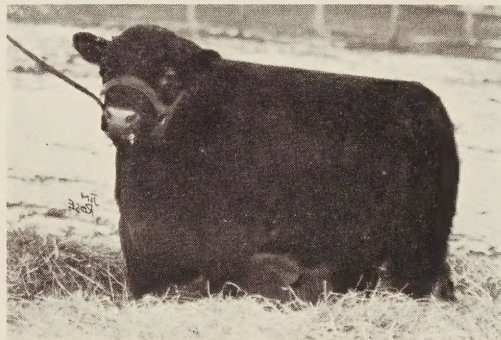

With each successive cross of horned and polled cattle, a high percentage of the offspring were hornless giving us calves of this greater concentration of horned blood but with the advantage of the polled head. The effect of using the best blood of Scotland has brought our project to the stage where in many cases we are now mating polled bulls to polled females of this concentration.

After obtaining polled daughters representing our great Scottish females, we then bred back our imported in dam bulls to these horned females to obtain calves of that breeding. It is axiomatic that in introducing this best blood of Scotland into the polled bloodstream that we can never produce better polled animals than our horned animals.

The horned daughters from this resultant cross are here for all to see as well as their matrons and we feel that they constitute a horned herd capable of upholding the tradition of the great breed of Shorthorns.

Birmingham Scotston Wanderer x was used in our herd before going to the herd of R. A. Wilson & Son, Pilot Mound, Manitoba. Sire, Fascinator Standard x. Dam, Scotston Broadhooks Rosina.

Birmingham Lawton Bugler x was also used in our herd before sale to the Canadian Government for use in Saskatchewan.

# General Information

Ben Franklin, Owner of Birmingham Farm.

**Guarantee:** All cattle will be sold under the standard guarantee. This guarantee is printed in full elsewhere in this catalogue. Where breeding dates do not appear in the catalog, they will be announced by way of a breeding list on sale day.

**Health:** All females born on Birmingham Farm have been officially calfhood vaccinated against Brucellosis. The herd is federally accredited for Tuberculosis. The cattle will be tested for T.B. and Bangs within 30 days of the date of the sale and all papers necessary for export will be provided.

**Terms:** The terms of this sale are cash. Settlement to be made with the clerk immediately following the sale.

**Auctioneers:** C. D. Swaffar, Tulsa, Oklahoma; Duncan Brown, Shedden, Ontario; Stanley Perkins, Swartz Creek, Michigan and H. W. Walker, Indianapolis, Indiana.

**Liability:** Although every precaution will be exercised to protect the safety and comfort of the guests, neither Birmingham Farm nor any of its representatives, auctioneers, clerks, or the sale manager will assume any liability for accidents.

**Telephone:** Kingston 20688.

**Hotels:** The LaSalle Hotel in Kingston will be Sale Headquarters. There will be ample accommodation at this and other hotels in Kingston and at various fine motels surrounding the city. We will be pleased to make your reservation on advice from you.

## Getting the cattle delivered to their new homes . . .

Every effort will be made to cooperate in getting the cattle in pool shipments. Cattle sold to go to distant points in Canada and the United States will be held if requested at Birmingham Farm free of charge until the Royal Winter Fair for arranging of shipment with Fair Exhibitor's cattle. The cattle will also be held free of charge for combination shipments of cattle from the Campbell Farms' Sale and from the Annual October Sales of Messrs, Russell, Gray, Law, Beath, Deacon and Murphy.

## ***Bring the Family . . . It's A Beautiful Trip***

BIRMINGHAM FARM is readily accessible both by train and by motor. It is situated 11 miles north east of Kingston on Highway No. 15, which connects Kingston and Ottawa, Canada's Capital City. It is also close to the northern border of New York State. Those motoring via that state should cross at the 1000 Island Bridge, near Gananoque, the Gateway to the 1000 Islands. Kingston is situated midway between Toronto and Montreal with excellent train connections from both cities. For any returning home directly by train, they may leave Kingston at 6:47 p.m. Eastern Standard Time the night of the sale, arriving in Toronto at 9:45 p.m. Eastern Standard Time and, if going on to the United States, be in Chicago at 8 a.m. Central Standard Time the following morning. A train also leaves Kingston at 6:59 p.m. Eastern Standard Time and arrives in Montreal at 10:15 p.m. Eastern Standard Time. We will welcome all who wish to arrive the day before the sale to have a thorough opportunity to see all of our cattle. Excellent train connections allow for this. For example, by leaving Chicago at 8:00 p.m. Central Standard Time, September 1st, one would arrive in Kingston at 1:32 p.m. Eastern Standard Time on September 2nd. At Kingston there is the Norman Rogers Airport with good radio and landing facilities for any who wish to come by private plane. Upon request we will also meet any arriving at Toronto's Malton Airport or Ottawa's Rockcliffe Airport. If necessary, we will also be pleased to arrange transportation from Montreal or Toronto on the morning of the sale.

## WHAT WE ARE SELLING

We have sold many bulls since our program started. The bulls in this sale offering are representative of the progress we have made.

However, it is the females in this catalogue that we feel makes this, our first annual sale, unique in many respects. Despite numerous requests to do so, we have never sold a female of the breeding represented in our sale offering.

As a consequence of the large foundation we put together, in 1947 and early 1948, our herd has reached a number (300) where now it must be reduced. During the past Winter, we had cattle in ten barns.

We, therefore, decided that the 47 females we are selling would be a true cross section of the absolute top cattle of our herd. After the sale we will have ample females with which to carry on, but an inspection of our herd and the sale cattle will prove to the most exacting judges that there was no discrimination when the decision was made as to which cattle would go into the sale. We are sharing the top females of Birmingham Farm with those breeders who wish to purchase them.

These three are typical of the 31 imported females we selected in Scotland.

# Guarantee

1. Proper care should be given by purchaser to protect breeding qualities and health of animals. Any cattle in this sale that are fitted for exhibition purposes by their new owners are excluded from the following guarantee.

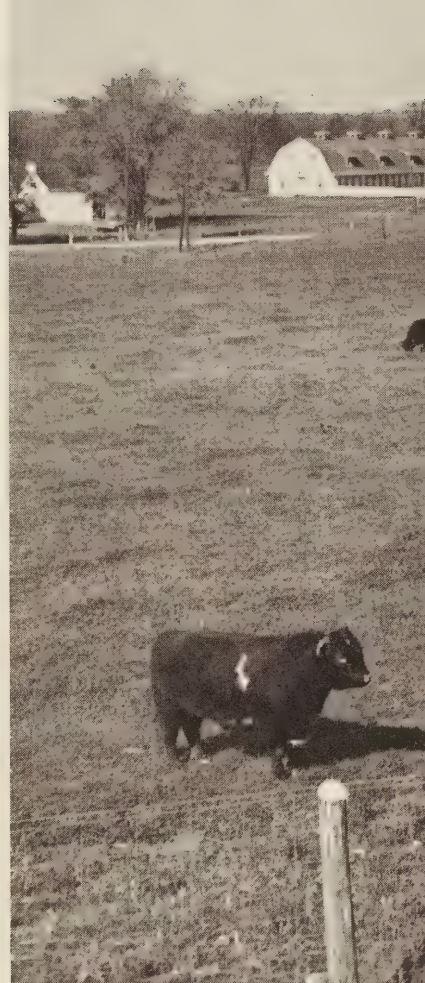

2. All bulls are guaranteed breeders. If bull when sold is 14 months of age or over and fails to breed, he must be reported within 6 months. If under 14 months of age when sold and fails to be a breeder, he must be reported at the time he attains the age of 20 months. A bull shall not be allowed to serve when under 14 months of age or be allowed to run with the herd when under 20 months of age.

3. Cows sold with calves by side are considered proven breeders. All other cows and heifers sold as a single lot are guaranteed breeders, except calves sold by side of dam as one lot and heifers under sixteen months of age at time of sale. Heifers shall not be served for first calf by heavy or old bull. Cows and heifers over three months gone in calf, according to service date furnished at time of sale, but not proving in calf, must be reported to seller within three months from date of sale; all others served within three months of date of sale not proving in calf or not settled must be reported within six months. Heifers not settled when twenty-two months of age shall be promptly reported. Heifers over sixteen months of age sold open, not settling within six months of date of sale, shall be promptly reported.

4. Any animal not proving up to foregoing guarantee shall be replaced with another of equal value at the time of purchase to the satisfaction of the purchaser, or the purchase price will be refunded at the seller's option, but the seller may, if he desires, have the animal returned for retrieval after a period not to exceed six months. The expense of return freight in such case is to be paid by the seller. If the animal is proved to be a breeder beyond doubt, it shall be returned to the purchaser at his expense. In case the animal proves to be not a breeder, then the purchaser shall be given the option of having purchase price refunded without interest or of accepting a substitute as stipulated above. Salvage to go to the seller. No charge for feed or maintenance shall be made by either buyer or seller.

5. A certificate of registry in the Canadian Shorthorn Herd Book will be furnished with each animal. Any animal in this sale can be registered in the American Shorthorn Breeders' Herd Book.

Right, Millhills Calrossie  
Leader 2nd on pasture.

Group of our foundation females. This picture was taken in September, 1948.

The Birmingham project is an important new approach towards producing an animal that possesses the superlative characteristics of the Shorthorns of Scotland with the added advantage of the Polled head.

This is easy enough to say, but doing it requires far-sighted long-range planning, a substantial capital investment and the kind of determination possessed by only a few.

Birmingham Farm has taken important strides toward this goal. The project is much further along than is generally known. Study the pedigrees. In many instances you will find Polled bulls and heifers with the strong imported infusion on both sides of the pedigree.

The quality achieved is the best testimonial to the success of the project. You will see Polled Shorthorns with that "important look."

For nearly six years the herd building program at Birmingham has moved forward through the retention of heifers. The bulls that have been sold privately off the farm are proving that they breed like their Scotch ancestors. Birmingham is now ready to share its progress. Those interested in Polled Shorthorns can pick up the ball and work their own improvement program with these tools.

A word about the imported cows that sell. These were bought at top prices for herd use at Birmingham. They have all proved themselves. It is a rare buying opportunity. Note that they are largely from the famous herd of Duncan Stewart, Millhills.

The cattle will not be fat—don't be disappointed when you view them in healthy growing and working condition.

*Hal Longley*

## A MESSAGE FROM

### **"Down Under"**

In 1949 Dalgety & Company, Palmerston North, New Zealand purchased two polled bulls from us by correspondence on account of the Scotch part of their pedigrees. Birmingham Calrossie Randolph was purchased for Mr. Dave Kilgour at \$4,000.00 and the other Birmingham Knight, out of Millhills Secret 10th and by Fascinator Standard, the same sire as the white bull, Birmingham Calrossie Randolph, went to Mr. Holden, who was the President of the Shorthorn Association of New Zealand and did not have a polled animal on his place. He did have a lot of 'Secret' stuff in his pedigrees. Price did not enter into the matter. They left it to us and we set the price at \$1,500.00 Mr. Holden recently dispersed his whole herd on account of health and the following is an excerpt from a letter received from Mr. Tom Reid, Manager, Stud Stock Department of Dalgety's in New Zealand.

... "Holden sold completely out of his Shorthorn herd, with a record sale for here. Birmingham Knight sold for top price of 760 guineas, while a 2 year old son of Birmingham Calrossie Randolph made 500 gns. This young bull was bought by Holden last year from Kilgour for 300 gns. Top price female was 550 gns. for a yearling daughter of "Knight." The 176 head offered, including cows, calves, heifers and bulls, averaged 196 guineas." ...

Seven reference bulls are listed. This is a large number, we realize, and some of the bulls have fulfilled their mission in the Project and have moved on. However, to fully appreciate the overall Birmingham program, it is necessary to study the pedigrees of all the reference sires.

The footnotes are short. That is because only three Scottish herds were principally involved in our importation . . . Millhills, Calrossie and Lawton. We credit you with a good knowledge of their prestige and importance. Since the pedigrees are so similar, to dwell upon each would be repetitious and we cannot bring ourselves to elaborate upon only a few. If you desire any further information, we will be most happy to supply it.

**Fascinator Standard x** was the 100% dehorning herd sire that we used for the most part to start the Birmingham Farm Polled Shorthorn Project. He possesses in full measure that combination of size and quality that has been our objective right along. He fulfilled his mission of producing polled females from our imported Scottish and our Canadian horned cows. He also produced Birmingham Millhills Democrat x, Birmingham Democrat 2nd x, Birmingham Calrossie Randolph x, Birmingham Knight x, Birmingham Knight 2nd x, Birmingham Scotston Wanderer x, Birmingham Jubilee x and many others who are making a real contribution to Polled Shorthorns. At ten years of age he is still in heavy service in the herds of Messrs. Duncan A. Brown of Shedden, Ontario and Harvey L. Kendall, Iona Station, Ontario.

## Millhills Calrossie Leader

**MILLHILLS CALROSSIE LEADER**  
An unretouched photo, taken March, 1950.

Millhills Calrossie Leader, an imported-in-dam of Calrossie Highland Leader, left us several outstanding calves. We had the misfortune to lose him at an early age. Two Polled daughters of this bull are in the sale offering. Several Polled daughters have been retained. The first three bulls in his pedigree are the same as Millhills Calrossie Leader 2nd.

Millhills Calrossie Leader 2nd.

**Millhills Calrossie Leader 2nd**, an imported-in-dam son of Calrossie Highland Leader and out of Millhills Secret 10th has made a really great contribution to both the polled and horned projects at Birmingham Farm. A selection of his polled daughters are in the sale and many are remaining in the herd. The excellence of his horned daughters allows us to offer some of their imported dams in this sale. His mother, Millhills Secret 10th sells as a feature of the sale.

**Cruggleton Account the Perth Champion.  
Sire of Cruggleton Banker.**

**Cruggleton Banker.** The pedigree of this dark red imported-in-dam son of the Perth Champion, Cruggleton Account, speaks for itself. His half brother was Reserve Champion at Perth in 1953. He has been in heavy service in our herd and is mating particularly well with daughters of Millhills Calrossie Leader 2nd. His dam is a granddaughter of the Perth Champion Ballechin Rodney. He assumes a role of importance because he is being mated both to Polled females and Scotch cows. Many of the imported females selling are in calf to him.

Birmingham Jubilee x.

**Birmingham Jubilee x.** This polled son of Fascinator Standard x and out of an imported dam has done a good job in our program. Some of his outstanding daughters will be found in our sale offering. His dam from the famous Millhills Princess Royal family is one of the best cows ever to leave Scotland.

FASCINATOR STANDARD x=297238=. Sire, Fascinator x2016414 by Collynie Fascinator x1957471 out of Augusta 108th x. Dam, Lynnwood Meadow Lady x by Browndale Referee x1877848.

ASCRAVIE DEMOCRAT (328591) . Sire, Lawton President Roosevelt (308482) by Collynie State Express (286968) out of Lawton Princess Jane. Dam, Calrossie Augusta Pat by Calrossie Randolph (275440).

COLLYNIE ELECT (286949). Sire, Aldie Conqueror (261324) by Calrossie Satisfaction (249387) out of Gladys Cooper. Dam, Collynie Eliza 15th by Rosehaugh Victor (239950).

**Birmingham Democrat 2nd x.** This bull is a full brother of Birmingham Millhills Democrat x who was purchased by Lynnwood Farm in 1949 and was Grand Champion in 1950 at the Indiana State Fair, Open and Gold Medal Show and in 1951 was first prize two year old at the International. These were the only two shows at which he was exhibited. Birmingham Millhills Democrat x was selected by a poll of leading breeders made by the Shorthorn World as the best two year old Polled Shorthorn bull to be exhibited between 1946 and 1951.

This solid red bull pictured above is now the top polled sire in our herd. We feel this bull is a real example of what we are trying to do at Birmingham Farm. Many females in our sale will carry his service.

**Birmingham Lawton Jamie x.** An outstanding young bull of Scotch breeding on both sides that we have recently put into herd service. Several of the polled heifers being sold are bred to him.

# The Bulls In This Sale . . .

The bulls in this sale are worth traveling a long way to see. We are not attempting to tell anyone what genetic program to follow to produce the kind of Polled Shorthorns that is everyone's common objective. Our own future program is clear. The Polled feature is dominant. A study of our pedigrees and a look at our herd will convince you of this. We believe that the more often our Polled productions trace to the great imported cows and imported-in-dam bulls here at Birmingham the better they will be. Because breeders will differ on the road they wish to follow, the bulls offered in this first sale make up a cross section of the various stages of the project.

There has been nothing haphazard about the Birmingham plan. Every animal was carefully planned before its sire and dam were mated. Every bull in the sale will produce the Birmingham quality. Each will provide you with future pedigrees unrivalled in the industry.

**Birmingham Randolph 2nd x.** This white son of Birmingham Nugget x and out of Calrossie Alpha Ramsden is a maternal brother of Birmingham Calrossie Randolph x, sold to New Zealand in 1950 at a long price. No better polled pedigree can be offered for sale.

**Birmingham Crusader 2nd** is a son of Millhills Luxury 6th and by Millhills Calrossie Leader 2nd. Millhills Luxury 6th is a full sister of Millhills Champion who did so well as a stock bull at Calrossie. At the Draft Sale at Calrossie on October 13th, 1950, the average price paid for daughters of Millhills Champion was 50% higher than that for daughters of any other herd sire represented in that great sale. Birmingham Crusader 2nd will be just short of six months of age when he is sold at our sale. He promises to be just as stylish a bull as is his full brother, Birmingham Crusader, pictured, who is being retained for service in our herd. We offer this Scotch bred bull as a special attraction for Shorthorn breeders.

# Fourteen Imported Cows

Three of our imported cows. Millhills Broadhooks 14th x on extreme right sells as lot 13.

When we purchased our females in Scotland in January, 1948, we were fortunate in being accompanied by Mr. W. D. Davies, Livestock specialist of the Department of Agriculture of the Canadian Government.

We endeavoured to buy on a specific line of pedigrees from the breeding herds of those breeders having the cattle we wanted. In most cases it was a difficult task. Succeeding events have shown that the results achieved were worth the effort.

We have 29 of these females, 14 of which are on the following pages. In deciding which of our imported females were to be sold, we were guided by the availability of a daughter to remain in the herd to carry on for her mother.

Pictured above is Millhills Secret 10th Lot 7 and her polled daughter, Birmingham Secret 2nd (being retained). This heifer has one polled grandparent and the balance of her pedigree is imported Scotch blood.

**Millhills Secret 10th (imp)** is our idea of a truly great cow. The results of her prepotency are here for all to see. Her imported in dam calf, Millhills Calrossie Leader 2nd, is our senior horned herd sire. Her polled son, Birmingham Knight x, is the bull referred to on page 12 who was exported to New Zealand in 1950. A horned daughter by Millhills Calrossie Leader and the polled daughter by Birmingham Nugget are being retained in the herd. At the time of the sale she should have a calf at foot about a month old by Cruggleton Banker. She will be sold with breeding privileges to any of our herd bulls. On the other hand with her proven ability to produce from every bull to which she has been mated, the buyer may wish to mate her to his own herd sire. Her pedigree speaks for itself in that it combines the blood of a lot of great Scottish herds.

**Millhills Broadhooks 14th (imp).**

This full sister of Millhills Broadhooks 18th, dam of Lynnwood's Birmingham Millhills Democrat x, has been a good producer. She is the dam of the 1952 junior champion and reserve grand champion at Sherbrooke Fair, Birmingham Mandate x by Birmingham Scots-ton Wanderer x, owned by The Dunham Polled Shorthorn Company, Freligsburgh, Quebec. Some top daughters out of this cow are in the herd. Two full sisters . . . both producers of great Polled bulls . . . why not own both of them? Some good judges consider Birmingham Mandate x to be the best bull we have produced.

The residence of Duncan M. Stewart, Millhills, Crieff, one of Scotland's most beautiful estates, noted for its great Shorthorns.

When we visited the herds of Scotland, we decided to concentrate heavily upon Millhills breeding. Two of our imported-in-dam herd bulls were bred at Millhills. Two are out of Millhills dams and two more are by Millhills bred sires of our sale bulls. One is out of a daughter of Millhills Champion. Another is by a Polled sire out of a Millhills cow and three are by Millhills bred sires. Nine of the imported females selling were bred at Millhills. One other is out of a daughter of Millhills Champion and two more are by Millhills bred sires. As far as the 33 Polled heifers are concerned, the Millhills influence is as strong in these as it is in the other sale entries. This offering gives you the opportunity to concentrate upon the same proven imported lines that we have followed.

## Notice The Concentration Of Millhills Breeding In This Offering

**Millhills Champion.** The famous bull that Duncan Stewart sold to Captain John MacGillivray of Calrossie. He is by Ascreavie Democrat. Seven half sisters sell in this sale and two more imported cows are out of Ascreavie Democrat dams. Among other famous sons, Millhills Champion is the sire of the \$16,000 Calrossie Sportsman, owned by Acadia and Red Gate Farms, Ohio.

**Millhills Dorothy 6th (imp).** A solid red, short-legged very deep cow. We have two great heifers from her, one horned and one polled. She will sell with a bull calf at foot by Cruggleton Banker. She will be carrying the service of Millhills Calrossie Leader 2nd.

## Thirty-Three Polled Females

The following pages will show the pedigrees and short, descriptive footnotes of 33 polled females which represent a cross-section of the progress we have made in six years. In this offering we have put a great many of our top females of this breeding. While we, naturally, are keeping in our herd a strong representation, it will be found that we are selling as good as we are keeping.

We could dwell at length in describing the females we are selling both as to the individual and their great pedigrees. Instead of doing that, we are simply going to state that we are selling polled females with pedigrees as great as will be found in the horned herds of Scotland.

We feel that you will find among these polled females to be sold, many, many examples that we are accomplishing here at Birmingham Farm what we started out to do—to produce a Shorthorn carrying the best blood of Scotland but with the added advantage of the polled head.

Birmingham Jealousy 3rd x.

**Birmingham Jealousy 3rd x.** This heifer, pictured above, no matter how great her pedigree, will stand up to it as an individual. Seldom, if ever, will her quality be seen in a draft sale. In this pedigree one can readily see the Birmingham idea of Scotland's best with the added advantage of the Polled head. Note how the imported influence has been introduced on both sides.

**Birmingham Maid x.** This heifer is another great daughter of Millhills Calrossie Leader 2nd. She is a top prospect for exhibiting in the Fall Shows. She will calve in March to Cruggleton Banker. If you want one that can win for you in the shows and the breeding yard here is one to mark.

**Birmingham Luxury x.** We say the same about this descendant of Millhills Luxury 6th, a full sister of Millhills Champion, as we did about her half sister, Birmingham Jealousy 3rd x, also selling. Millhills Champion was one of the greatest bulls ever used at Calrossie. Put both of these Polled granddaughters of his full sister to work in your herd.
